

生態保育的領頭羊

山美鄒語為saviki，意指「如同蓊鬱的山脈般美麗」，部落位在翠綠的山林與曾文溪溪谷之間，山美最重要的景觀資產，是1995年成立臺灣第一座由社區部落自主管理營運的生態公園，達娜伊谷自然生態公園。山美的達娜伊谷吊橋、福美吊橋及山美大橋，三座橋樑嶄新意象，成為山美部落的人氣景點。

Pioneer in Ecological Conservation

The Shanmei Community is also known as Saviki in the Tsou language. This means “lush mountain beauty”. It is located between green mountain forest and the Zengwen River Gorge and is rich in natural scenery and resources. In 1995, Taiwan’s first eco-park operated autonomously by an indigenous community was established here, the Danaiku Ecological Park. This community features three other important landmarks: Danaiku Suspension Bridge, Fumei Suspension Bridge and Shanmei Bridge.

達娜伊谷自然生態公園

達娜伊谷，鄒語語意為美得令人忘記憂愁，位於曾文溪上游，溪中巨石林立，溪水清澈見底，是孕育鮎魚的乾淨溪谷。來到山美，一定要到達娜伊谷走一遭，生態公園由山美社區發展協會營運管理，園區內有鄒族歌舞展演劇場、部落農特產市集、部落餐廳。達娜伊谷舞團由在地青年組成，每日均有三場固定演出，表演結合傳統歌謠與創新舞蹈的舞碼，感受濃濃的鄒式情懷。

Danaiku Ecological Park

Danaiku in the Tsou language means “a place so beautiful it will make you forget your worries”. This community includes the upper reaches of the Zengwen River in which there are many large boulders. These waters are crystal clear and rich in Taiwan shoveljaw carp. If visiting Saviki, Danaiku is a must-see destination. This ecological park is operated by the Saviki Community Development Association. There is a theater inside the park for Tsou cultural performances, as well as a market area for locally produced agricultural products and a restaurant. The Danaiku dance troupe is made up of local, young people. They perform three times daily including traditional songs and choreographed dances.

福美吊橋

有阿里山中最優美弧線之稱的福美吊橋，為全台最長吊床式吊橋(俗稱天梯)，由福建省紅十字總會捐贈建造，吊橋上還有在地學子原味十足的彩繪，全長約175公尺，橋身以鄒族藍、紅、黑原色為主，橋頭涼亭建築有神話傳說的馬賽克裝飾，遠眺新建的山美大橋、達娜伊谷吊橋及達娜伊谷生態園區明媚風光。

Fumei Suspension Bridge

Fumei Suspension Bridge has been called “the most beautiful bridge in Alishan”. It is the longest suspension bridge of its type in Taiwan. The bridge was able to be built with donations from the Fujian Province Red Cross. It was painted by local students. Measuring 175 meters in length, it features the representative colors of the Tsou tribe: blue, red and black. At the head of the bridge is a pavilion decorated in mosaic murals depicting Tsou legends. From this pavilion look out onto the newly built Shanmei Bridge, Danaiku Suspension Bridge and Danaiku Ecological Park.

山美部落市集

市集展售部落特色農產品與加工品，由於本區的竹子種類多而且全年可以採收，成為部落內的重要經濟來源；也因為部落竹筍品質高，嚐起來鮮甜美味，做成加工品遠近馳名。除了竹筍外，香蕉、生薑、山葵、山粉圓、山胡椒、南瓜、佛手瓜、苦茶油、咖啡及季節性水果都是在地自產自銷的，農特產品樣式豐富多元，皆是部落最優質的伴手禮。

saviki Community Market

This market sells locally produced specialty agricultural and processed products. Since there are various kinds of bamboo growing in this area and it can be harvested year-round, it has become a major economic source. In addition to bamboo, bananas, ginger, wasabi, chia seeds, mountain pepper corn, pumpkin, chayote, tea seed oil, coffee and seasonal fruits are grown. There is a diversity of specialty agricultural products available which make excellent souvenirs.
