

特富野部落

特富野，鄒語為「tfuya」，是鄒族兩大社之一，也是發展歷史最悠久的鄒族部落之一，與達邦隔一條伊斯基安娜溪遙遙相望，海拔高度為900~1400公尺，盛產愛玉、咖啡、茶葉、糯筍筍與高冷蔬菜，居民多為務農為主。走進這麼純樸寧靜的大聚落，古老美麗的天主堂與各民族搭起的祭屋靜靜矗立，村莊以男子聚會所(kuba)為中心，四周群山環繞。穿梭在蜿蜒的巷弄中細細體會屬於大社的完整文化風味，是認識特富野最好的方法。

tfuya

Tfuya is one of two hosas (meaning original communities from which other communities branched off). It is also one of the oldest Tsou communities. Between Tapangu and Tfuya is the Isikiana River. Tfuya is located at between 900 and 1400 meters in elevation. Many of this community's residents are farmers. They mainly grow jelly figs, coffee, tea, bamboo shoots and high-mountain vegetables. Entering this simple and quiet community, admire the historic and beautiful Catholic Church and the exteriors of the ancestral spirit worship houses of each of the clans. The kuba (men's meeting hall) is central to the community. The best way to experience the culture of this community, surrounded by towering mountains, is to walk along its meandering lanes.

庫巴(kuba)

kuba只有部落成年男子可以進入，是鄒族舉行重大祭典、技能訓練與歷史傳述、商議部落大事的地方，因此亦稱為「男子集會所」。kuba設有火塘，其火終年不滅，也代表著族人生命延續，對部落來說，kuba是神聖的地方，女性與外族人不得進入。

kuba

Only adult males of the Tfuya Community are allowed to enter the kuba. This is where important ceremonies are held. It is also a place for teaching skills and history and for making major decisions. In the center is a hearth in which a fire must burn year-round, as it represents the continuation of life of the Tsou people. Among the Tsou, this is considered a

t'fu'ya咖啡

T'fu'ya咖啡種植海拔介於950至1300公尺之區域，屬高海拔氣候。咖啡品種係屬阿拉比卡種，採收期為每年11月至隔年5月，因受氣候地形影響，高海拔咖啡豆較慢成熟，緩慢成熟會使咖啡豆更為結實且濃郁。採收時完全為人工採摘，手彩鮮紅果實，嚴選咖啡豆，在行後製處理，目前處理方式有水洗、蜜處理及日曬處理。

t'fu'ya Coffee

T'fu'ya's Arabica coffee trees have mostly been plantedat between 950 and 1300 meters in elevation. The harvest season is between November and May, depending on the weather and terrain. Coffee beans ripen more slowly at higher elevations. After picking the coffee beans by hand, they undergo wet, honey and dry processes.

岱娜農莊

在特富野有個三代同堂的溫馨農莊，全家人勤力知足的順應自然節奏生活，栽種明日葉、愛玉子、咖啡樹、小米、香菇、蔬菜水果等作物，釀造蜂蜜、養殖雞羊水產，他們的夢想是希望透過產地直銷的方式，打造自家品牌，讓外界能吃到最健康美味的部落農特產。來到特富野的遊客可向熱情風趣又熱愛攝影的老闆yapasuyonh學習大自然的功課，一起感受阿里山四季的心跳，並品嚐利用自家種植的食材所料理出的鄒族風味餐（需事先預訂）。放慢腳步，敞開胸懷，在岱娜農莊身心都能得到豐盛收穫。

Tai Na Farm

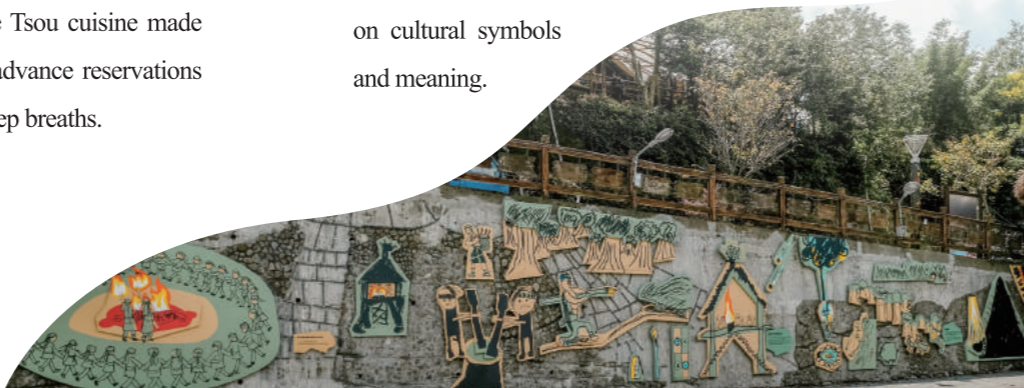

In this farmhouse lives an extended familyfrom T'fuya. They all work hard to growashitaba, jelly figs, coffee, millet, mushrooms, fruits and vegetables. They also raise bees for honey, as well as chickens, goats and aquatic animals. They are working tobuild up their own brand andprovide people with healthy and tasty food. Visitors can learn about nature from the owner Yapasuyonh who is an avid photographer and taste Tsou cuisine made from ingredients grown on his farm (advance reservations required). Here, slow down and take deep breaths.

特富野文化牆

其整體原始創作由藝術家李明道與鄒族特富野部落的頭目、長老、部落居民共同討論發想概念後，經由長老向部落關懷站的小朋友講述特富野部落故事，再透過小朋友的畫筆繪製和藝術家巧妙的元素轉換和美學創意，費時近一年，多次反覆溝通後才慢熬出的成果作品。文化牆全長約四十米左右，在部落小朋友童趣的繪圖筆觸中可以看見整個鄒族的由來和mayasvi（戰祭）的故事背景，為莊嚴神聖的kuba(庫巴)空間，增添了更多文化傳承的象徵意義。

Tefuye Wall of Cultural Murals

The concepts of the murals were developed by artist Akibo Lee and the community chieftain, elders and residents. The children of the community were told stories by the elders. The children then drew pictures, the elements of which were incorporated into the artist's depictions. Nearly a year of discussions back and forth was required to complete the works. This wall measures around 40 meters in length. It possesses murals related to the legends of the Tsou and Mayasvi (Warring Ceremony). Located near the kuba it serves to enhance and pass on cultural symbols and meaning.
