Indigenous People

Try Tsou Treasure Hunting

To the indigenous people, the mountain is their kitchen and the stream is their refrigerator. They take what they can use from nature, and in the end everything is given back to nature. This is the wisdom passed down by tribal elders living in the mountain for many generations. At night, they sit around a traditional fire pit and tell stories about their tribe, sing tribal folk songs, and learn about the brave and humble wisdoms of hunters.

Day 01
